ARJUN GARG

IB Diploma Student • Economics, Finance & AI

+91 8951612034 garg.arjun2008@gmail.com Bangalore, India

SUMMARY

IB Diploma student at TISB working where economics, finance and AI meet. Interned at two AI startups, built four AI and fintech products used by real people, and run independent research on how AI is changing inflation and markets.

EXPERIENCE

VC Research & Marketing Intern
Composio
Summer 2026 AI agent tooling startup
- Profiled 10 AI-focused VC firms and mapped Composio's positioning for each; analysis used by the investing lead in pitch prep
- Led marketing outreach, bringing in 10 potential clients to try the product

Intern & Team Lead
DocuBridge
Summer 2025 via Harvard Undergraduate Ventures-TECH Summer Program
- Led a team of 4 and built half of an AI prototype that reads firm financials, flags problems and suggests fixes
- Prototype tested by 200 users and demoed to DocuBridge founders

LEADERSHIP

Chief Organizer
TISB Hacks
2024 – Present Inter-school hackathon at TISB
- Grew the event to 400 students, 100+ teams and 30 schools, adding 200 more students in Year 2
- Secured a ₹2,00,000 prize pool from Emergent and Flipkart through cold pitches
- Ran logistics, judges, chief guest, events, prizes and finances; built the registration site; mentored 50 participants

Team Captain
Penn Wharton Global High School Investment Competition
2025 – 2026
- Placed 3rd in India out of 6,300+ teams from 79 countries
- Assigned slide ownership to each member, built the valuation section and co-wrote the report and pitch

Head of Department, Trojan's Tank
XAVAGE, TISB
2026 School economics and business festival
- Ran a startup pitch event with 20 teams, 4 judges and 100 attendees; helped the fest raise ~₹8,00,000
- Added an online screening round, set judging criteria and wrote tough Q&A for founders

PROJECTS & VENTURES

HisaabDost
Founder
2024 – Present Voice-first, multilingual AI financial literacy platform
- Built an AI that gives personalized budgeting, savings and money advice in regional languages; used by 50+ underprivileged workers
- Rebuilt the product after user testing showed the first version's financial jargon kept people away

Quorra
Founder & Developer
2025 – Present AI equity research platform
- Building AI agents that read financial statements, news and market data to generate equity research reports; tested by 30+ users

DriftBand
Founder & iOS Developer
2025 – Present
- Building an iOS app that syncs wearable data over Bluetooth to track health; procured 10–20 test watches, 15 testers gave positive feedback

Cash-Flow App for Small Firms
Founder & Developer
2025 – Present
- Building an app that tracks a small firm's finances, flags cash-flow gaps early and auto-generates fixes

EDUCATION

2023 – 2027 Bengaluru
- **IB:** 39/45 (predicted)
- **HL:** Maths AA, Economics, Physics. **SL:** Chemistry, French ab initio, English Lang & Lit
- **IGCSE (2025):** 5 A*s, 3 As, 1 B; ICE with Distinction
- **SAT:** 1480 (780 Math, 700 R&W)
- **Extended Essay:** Rupee depreciation and India's engineering goods exports, 2018–2024

Game Theory
Columbia University Pre-College
2025
Ranked top 3 of 50; wrote three 3,000-word papers

Harvard Undergraduate Ventures-TECH Summer Program
2025

KEY ACHIEVEMENTS

- **3rd in India, Penn Wharton Investment Competition**
  6,300+ teams from 79 countries (2026)
- **4th of 72, FIRST Tech Challenge**
  Robotics, up from 25th the year before
- **1st Place, Greenwood High tennis**
  Plus 2nd Place at Sharanya Narayani International School

RESEARCH

Did AI Ease US Inflation?
Independent Researcher
Summer 2026
Mentor: Puneet Agarwal, Atlas Capital Team
- Compared price and productivity growth in high- vs low-AI sectors using Census BTOS and FRED data
- Tested the thesis against Treasury breakeven inflation and June 2026 FOMC projections

Is AI Infrastructure Spending a Bubble?
Independent Researcher
2026 – Present
- Comparing hyperscaler capex-to-revenue gaps with dot-com benchmarks; applying findings to a personal AI-sector portfolio

ATHLETICS

Varsity Tennis, TISB
Singles Player (Team Format)
2023 – Present
3–4 interschool tournaments a year; train 8–12 hours a week

SKILLS

Python Java iOS development Excel FRED & Census data Google Workspace

LANGUAGES

English — Fluent
French — Working proficiency
Spanish — Working proficiency
